GLOSS – SCHEME B

For the traditionalist. Bright true whites mix here with warm toned grays, chrome, and blonde wood tones for a twist on an all white palette.

This plan features a soothing mix of white cabinetry, smooth concrete-look quartz counter tops and a modern extra long glossy back splash tile in the kitchen. Blonde plank flooring is brought to life with touches of chrome throughout, and matte soft gray marble-style tile is the standout in the bathrooms.

The 2 bedroom + den units feature a soothing gray feature wall and fully tiled, custom-designed showers in the ensuite.
